May 15th, 2009

Dear Aeneas,

Thank you so much for speaking at 2009 "Kids Walking for Kids". The event was a great success in so many ways! Your talk was awesome! As you spoke, you touched the hearts of so many! You gave such a heartfelt inspiring talk that spoke so clearly of hope and love for ourselves and others. So many people have commented to me how wonderful your talk was and the effect it had on them.

It takes a special understanding and level of compassion to reach the core of the problem. You went to the core and from it brought a healing touch to so many wounded and painful lives. Thank you for the love and compassion you were able to give this group. I was so honored to have you there and it was a special bonus to be prayed over right at the event!

It certainly has been my pleasure and a gift to get to know you a bit and spend some time visiting with you. You are a true instrument of Christ as you carry out his will and the plans he has made for you.

Your message of each of us having a purpose on this earth to work toward the will of God will always have a special place in my heart. It does help fill the void of losing a child to suicide and gives me hope and purpose as I dedicate my life to helping families and youth battling depression and suicide prevention.

May God bless you with ongoing love, strength and compassion as you go about your life being an instrument of God and bringing others to a closer understanding of the perfect peace God so freely gives to us!

Thanks too for taking the time to talk to my mom at the event. You tickled her heart and made her smile. That was so kind of you!

I hope our paths will cross again someday! May you always walk the walk and talk the talk!

Gratefully,

Marian McCord
